

Year 5- Summer Term- Homework Grid

Below you will find a number of tasks linked to our learning in school. Please note that some of the learning may be introduced later in the Spring Term. These tasks are optional if you feel that your child requires more work on top of the weekly Maths/English/Spelling activities that they will be given. Please encourage your child to choose their tasks. It is important that they take ownership and feel free to be as creative as you would like. We would welcome any examples of completed learning to be shared in class. You may choose to submit your work via Class Dojo!

<p>Write instructions for a new Olympic sport that could be included in the 2024 Olympics.</p>	<p>Make a Powerpoint on a monarch of your own choosing. What information would a Year 5 pupil reading it need to know about them?</p>	<p>Draw a mindmap with a picture of you at the centre. Write down words that express who you are, your likes and dislikes.</p>
<p>Create a poster that shows your understanding of different types of forces.</p>	<p>What is your favourite holiday or ideal holiday destination? Tell us which type of biome it is on. What animals would you find there? What do you like about this place? Present this any way you would like.</p>	<p>Visit the 'Hour of Code' website and see how far you can get with the different challenges. Send a screenshot via Class Dojo to show how you have got on.</p>
<p>Write a diary as if you were Henry VIII. Think about the activities he may have been doing e.g. eating a banquet, riding a horse, hunting or dancing.</p>	<p>List or illustrate five goals you have for this year and three questions you have for the future.</p>	<p>Follow a Tudor recipe and measure out your ingredients. Take photos and send via Class Dojo.</p>
<p>How many foods do you know in French? Can you draw them and write the French words for each item.</p>	<p>Go on to 'Go Noodle' - choose a routine to dance along to and maybe you can create your own dance to teach the class?</p>	<p>What is your favourite book? Recreate the book cover using different materials. Can you make it 3D?</p>

We look forward to seeing what you have been up to!
